

You Can Make A Difference!

By donating blood in the memory of someone special, you are giving others a chance at living a healthier life. What an amazing gift!

In August of 2005, Wesley was killed in a vehicle collision in Lee County. He was only 18 years old and had graduated high school in May of that same year. Wesley always had a smile ready for everyone. Please donate in memory of Wesley. It will be appreciated by many above and beyond Wesley's family.
